

Pod Picks

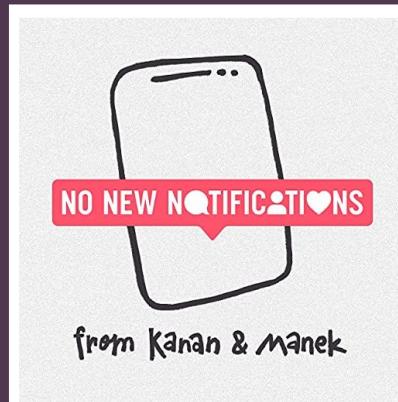

New, top, and trending podcasts from June 2021 that you can't miss.

This time around, explore podcasts from India's independent creators, a whole host of them on mental health, humour, music and more - you're sure to get hooked onto one (or more) of these.

THE RANVEER SHOW

If you haven't already heard this one, it's a Spotify Exclusive, created by Ranveer Allahbadia aka BeerBiceps. Every episode has been designed to charge up or educate listeners. If you're looking for some inspiration, this podcast is for you.

NO NEW NOTIFICATIONS FROM KANAN & MANEK

Funny stories, experiments and questionnaires: Comedian-designer duo Kanan Gill & Manek D'silva are bringing topics in this podcast that deserve your attention. Say goodbye to boredom once you start!

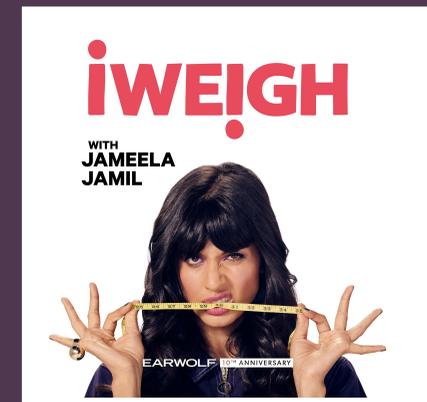

I HAVE FEELINGS

Host Priyam Saha addresses her feelings. As do the big names that join her in this podcast. If you want to get in touch with your emotional side and find out how you relate to some of the icons on the show, tune now.

REAL TALKS WITH SMRITI NOTANI

Smriti Notani AKA Real Girl on the interwebs, has a podcast that resonates with many of us, addressing topics that may be uncomfortable. Join Smriti on her quest to quell the silence around our daily struggles, won't you?

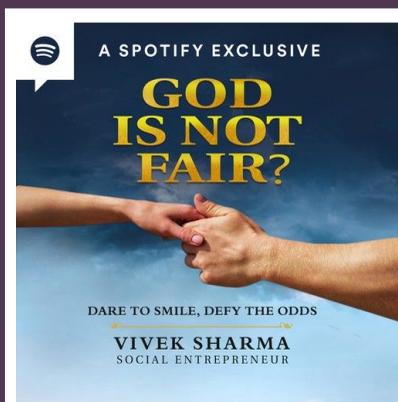

I WEIGH WITH JAMEELA JAMIL

What started as a social media post has become a mental health movement, and now a podcast. Dive into this podcast to hear how Jameela Jamil challenges societal norms through conversations with known faces and voices sharing their stories on mental health.

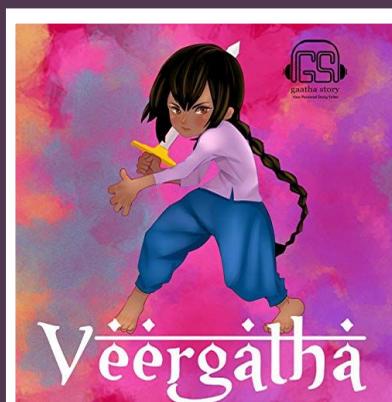

ON PURPOSE WITH JAY SHETTY

The renowned Jay Shetty whose purpose is to make wisdom go viral brings to you his podcast where he has fascinating conversations with some of the most insightful people. One of the most popular podcasts on Spotify India since 2019!

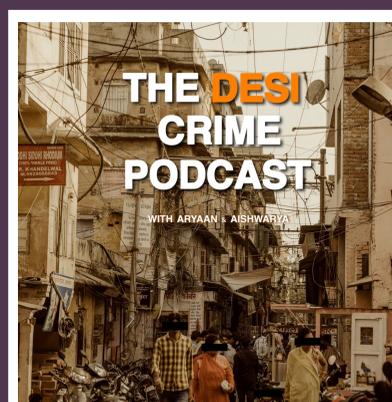

GOD IS NOT FAIR?

Vivek Sharma captures stories of people who have fought the odds and contributed to society at large. It's an initiative to prevent depression and suicide amongst youth, and attracts listeners who want to stay motivated and deal with tough situations

VEERGATHA

Every culture, language, and region of the world has many stories of bravery, courage and extraordinary acts of valour. Veergatha, a podcast that's exclusively on Spotify, is here to narrate the acts of bravery for the young ones from India. Listen to this one with young ones at home.

THE DESI CRIME PODCAST

Crimes that take place in the Indian subcontinent aren't remotely similar to Western crimes - desi crimes are gory, complicated, corrupt, and hardly documented. This podcast conveys how crime isn't just black and white, but brown too...

INDEPENDENT MUSIC PODCAST

A weekly show that brings you ten new tracks from indie artists from across the world. Covering every genre you can think of, this is the ideal podcast to find music that you love and may change your life :)
